PARISH SACRAMENTS

SACRAMENT OF THE MOST HOLY EUCHARIST

As a parish, the Holy Sacrifice of the Mass is central to who we are and what we do. Regular Mass Times are listed on the front of the bulletin. Please contact the office for special Mass times during Lent and Holy Days of Obligation. To receive formation for First Holy Communion, contact the Parish Office, 896-9408.

SACRAMENT OF CONFESSION

Essential to the Christian Life, the Sacrament of Confession is where we come into contact with Christ who wishes to heal and bless us. Regular Confession is an integral part of practicing our Faith and experiencing the peace and joy of a personal relationship with Jesus. 30 minutes before every Mass, the Sacrament of Confession is offered. If you need to receive the Sacrament of Confession for the first time, contact the Parish Office, 896-9408.

SACRAMENT OF BAPTISM

Through the waters of Baptism, the new Christian enters the Church and is given Eternal Life. To have your infant baptized, please contact the Parish Office at least 2-4 months prior to the baby’s due date so that there is enough time to complete preparation for the Sacrament.

Parents should be registered, participating members of the Parish Family. Proposed Sponsors (Godparents) should be attending Mass regularly. Both parents and sponsors receive a Baptismal Packet which must be completed and received before attendance at a Baptismal instruction class is scheduled. A Baptismal date is determined after all Church requirements are satisfied.

If you are a parent or an adult seeking the Sacrament of Baptism, please contact the Parish Office, 896-9408.

SACRAMENT OF MARRIAGE

In the beginning, God created mankind as one, male and female. Christ elevated this union to the level of a Sacrament, an image of His own love for His Bride, The Church. Our Parish Family is made up of many beautiful marriages who enrich the Church and the world. Couples discerning the vocation of Holy Matrimony should contact the Parish Office to begin the journey of preparing for their new life together no later than 6-9 months prior to the desired wedding date.

SACRAMENT OF ANOINTING OF THE SICK AND FUNERAL/BURIAL ARRANGEMENTS

The Church and her Sacraments accompany us at every moment of our life. When we are very sick or nearing the end of this life, we receive the healing of Christ through Anointing of the Sick. Please contact the Parish Office, 896-9408, to make an appointment.

Also, contact the church office before you contact anyone else in making funeral arrangements. We are here to guide you through that most difficult time.
Science and technology ask the question, “What can we do?” Ethics asks the question, “What ought we do?” In asking the latter question and affirming the maxim primum non nocere (first, do no harm), the Catholic Church is neither anti-science nor anti-medicine. To the contrary, no institution in the world has, over the centuries, done more to advance both science and medicine.

We live in a time, however, when medicine and research routinely ignore fundamental principles and truths about the human person. Columbia asked three members of the Knights — two physicians and an ethicist — to reflect in their own words on their respective areas of expertise and help explain the importance of medicine that promotes the dignity of all human life. [The first of these reflections is presented here. The second reflection begins on the following page and will continue in next week’s bulletin. The third reflection will then follow in upcoming bulletins.]

**EVERY LIFE IS A GIFT** by Damon T. Cudihy, M.D.

The essential distinction between ethical reproductive health treatments and those that offend God and human dignity can be explained by two simple truths. The first is that every human life is a gift. The second is that human fertility is a healthy condition.

If a newly conceived child is seen as a liability, a burden or an illness, then contraception is believed to be an essential part of medical care — the ultimate preventative medicine. And when the prevention eventually fails, abortion is the back-up (a logic endorsed in the 1992 Supreme Court decision Planned Parenthood v. Casey). On the other hand, for those suffering from infertility, it is tempting to see the child not as a gift but as a right. This leads to an “all means necessary” approach, which violates not only the sanctity of marital union, but also the dignity of the child conceived by processes such as in-vitro fertilization and artificial insemination.

Unlike these artificial reproductive technologies (ART), restorative reproductive medicine (RRM) does not bypass the process of natural conception but instead aims at restoring normal function. Two of the most common causes of female infertility I see in my practice are endometriosis, which can be treated by minimally invasive surgery, and polycystic ovarian syndrome, a metabolic and hormonal problem usually treatable without surgery. Most OB-GYN physicians today have not been adequately trained to treat these problems. Instead, they were taught to rely on birth control pills as a form of treatment, which can actually make both problems worse.

I’m humbled to be part of a small but growing number of pro-life physicians trained to diagnose the underlying diseases causing infertility. We are developing medicinal and surgical treatments and using them to help restore couples to the healthy state of fertility. In my experience, this is truly what couples desire all along.

DAMON T. CUDIHY, M.D., is a physician at Acadiana Ob/Gyn (acadianaobgyn.com). He is a member of Our Lady Seat of Wisdom Council 14542 in Lafayette, La., where he lives with his wife and seven children. This article appeared in the January 2019 issue of Columbia magazine and is reprinted with permission of the Knights of Columbus, New Haven, Conn.
“Today, I lost my Nobel Prize in Medicine,” wrote Dr. Jérôme Lejeune in a letter to his wife in 1969. The French physician and geneticist had just received a prestigious award from the American Society of Human Genetics and gave a speech in which he strongly opposed abortion.

A decade earlier, Lejeune had discovered the cause of Down syndrome, or trisomy 21: a third chromosome in the 21st pair. He dedicated his career to the protection of children with Down syndrome, and he lamented that his genetic discoveries were used against the unborn. Still today, a large majority of children with Down syndrome are aborted after prenatal diagnosis.

Pope John Paul II appointed Dr. Lejeune to the Pontifical Academy of Science in 1981 and later named him the first president of the Pontifical Academy of Life. Lejeune’s cause for canonization was opened in 2007.

Today, the legacy of Dr. Lejeune (1926-1994) is carried on by the Jerome Lejeune Foundation, which promotes research, care and advocacy. For more information, visit lejeunefoundation.org.

The following “21 Thoughts” by Dr. Lejeune are also available as a booklet published by the foundation. They are reprinted here with permission.

1) “Human genetics can be summarized in this basic creed: In the beginning is the message, and the message is in life, and the message is life. And if the message is a human message, then the life is a human life.”

2) “Life has a very long history, but each of us has a very definite beginning — the moment of conception.”

3) “A month after conception, a human being is one-sixth of an inch long. The tiny heart has already been beating for a week, and the arms, legs, head and brain have already begun to take shape.” “At two months, the child would fit into a walnut shell: Curled up, she measures a little more than an inch long. Inside your closed fist, she would be invisible, and you could crush her without meaning to — even without noticing. But if you open your hand, she is already fully formed, with hands, feet, head, internal organs, brain, everything in place. All she needs to do is grow. Look even more closely with a standard microscope, and everything needed to establish her identity is already in place.”

4) “Hate the disease, love the patient: That is the practice of medicine.”

5) “Again and again we see this absolute misconception of trying to defeat a disease by eliminating the patient! It’s ridiculous to stand beside a patient and solemnly say, ‘Who is this upstart who refuses to make them wait — not even one night — if we can do otherwise.”

6) “When parents are worried about a sick child, we have no right to make them wait — not even one night — if we can do otherwise.”

**DIVINE MERCY MESSAGE**

“JESUS, I TRUST IN YOU”

St. Faustina: “January 29, 1963. In the evening, when I was in my cell, I suddenly saw a great light and a dark gray cross high up within the light. Suddenly, I found myself caught up close to the cross. I gazed at it intently, but could not understand anything, and so I prayed, asking what it could mean. At that moment I saw the Lord Jesus, and the cross disappeared. The Lord Jesus was sitting in a great light, and His legs, up to the knees, were drowned in the light so that I could not see them. Jesus bent toward me, looked at me kindly and spoke to me about the will of the Heavenly Father. He told me that the most perfect and holy soul is the one that does the will of my Father, but there are not many such, and that He looks with special love upon the soul who lives His will. And Jesus told me that I was doing the will of God perfectly... ‘and for this reason I am uniting Myself with you and communing with you in a special and intimate way.’” (Diary 603)

**PARTICIPATORY COMMUNION**

by Fr. Alphonse Thainese

“Participatory Communion”, written by St. Peter Associate Pastor, Fr. Alphonse Thainese, is available to be checked out from the St. Peter Lending Library.

This book is a commendable work in the field of Ecclesiology. It focuses on collaborative mission and ministry of the Laity, having communion as a base, in the light of the Federation of the Asian Bishops’ Conferences (FABC) documents. The book strikes a balance between the theory and practice by testing the vision and insights of the FABC on lay participation in the context of the local Church in Andhra Pradesh, India. In order to be an agent and servant of Kingdom of God the Church in Asia/India must become a communion of communities.

THANK YOU FOR YOUR FAITHFUL STEWARDSHIP!

TODAY'S READING
Today's reading from the Gospel of Luke offers us the first words of Jesus as He begins His public ministry. The words reflect His understanding of His Spirit-anointed mission. His words are His "Mission Statement." Good stewardship rejoices in being followers of Jesus. They realize that Jesus' commission is their commission as well. They embrace it and adopt it as their own. We, too, have "glad tidings" to bring to a suffering world. This year, how will we fulfill Christ's commission in the world in which He has placed us, using the gifts He has entrusted to us?

PRAYER FOR OUR TROOPS
Almighty and eternal God, those who take refuge in You will be glad and forever will shout for joy. Protect these soldiers as they discharge their duties. Protect them with the shield of Your strength and keep them safe from all evil and harm. May the power of Your love enable them to return home in safety, that with all who love them, they may ever praise You for Your loving care. We ask this through Christ our Lord. Amen.

PRAYER FOR OUR HOUSING
May the gifts of the Holy Spirit bring to all who live in this house the grace and strength of faith, hope and love. May the Holy Spirit, who fills this house, inspire us to be like Mary and Joseph, who brought Christ to the temple and brought glory to God. Amen.

CONSIDER ON-LINE GIVING

Please be generous to the special collection! To learn more, please visit www.usccb.org/latin-america.
