

Dear Friends,

The students here at St. Mary School often sing a special song during student Masses. The words have been running through my head the last several days, and I believe they can become an important part of all our prayers during these trying days:

*Lord I need you, oh I need you
Every hour I need you
My one defense, my righteousness
O God, how I need you*

As the situation with the virus continues to impact us, let us remember to always turn to the Lord in trust and faith, knowing that Jesus, the Great Healer, is the source of all our health and safety. May we pray for one another throughout the world, that Christ will give us swift and complete healing.

Father Fred
