**Dear Friends,**

A very blessed (though HOT) Sunday to all of you. May you celebrate the love and goodness of our Lord on this sacred day.

Reflecting on these days, and the continuing challenges and difficulties we are all facing, I find myself returning to a song that we've shared a few times since this whole thing began over 5 months ago. The song is the same but this version is a bit different.

Feel free to sing along!

May God bless you and keep you safe in His love.

Father Fred

Remember that we have Drive-thru Communion from 10:00 - 11:00 today. Remember to keep your mask on until you are consuming the Host. Thanks.

**Lord, I need you!**
