Dear Friends,

I haven't zeroed in on music by Elaine Hagenberg in quite a while (and over these months I should have kept a list of what I have used before), but once I discovered her choral music and fantastic lyrics, I fell in love with her talent.

This song, entitled *O Love*, is particularly beautiful. May this gentle and peaceful music inspire us to praise our Loving God for the gift of mercy and peace that Jesus gives to us. May we, in turn, share the love of the Lord through our actions, our words, and our very being!

God bless you!
