New Parishioners

New Parishioners are asked to come to the Parish Office and fill out a Census form. Individuals and families must be registered and practicing here for at least six months before applying for sponsorship.

If you have changed your address or other information, please contact the Parish Office at (732) 356-0027 so that we can update our records.

Sponsorship Eligibility

To be or not to be . . . A Sponsor for Baptism or Confirmation

The opportunity to walk with another in Faith, whether a child or an adult is an awesome privilege. It is cause for serious consideration on the part of those who ask another to witness with their lives what it means to be a Catholic, and for those who accept this responsibility. It is important to think carefully about your selection and decision. The person to be considered a Sponsor must be at least 14 years of age and have themselves completed the Sacraments of Initiation (Baptism, Eucharist, Confirmation), and are leading a life in harmony with the Faith and Tradition they are called to witness. A Godparent/Sponsor cannot be the mother or father of the one to be baptized. If married, their marriage must be recognized as "valid" by the Catholic Church. They must be attending Mass regularly, that is, every Sunday and Holy Day of Obligation.

They will need to obtain a Certificate of Eligibility signed by their pastor.

Being properly registered at one's parish is an important first step. Consider carefully your invitation and response. There is more involved to this than simply standing at the Baptismal Font. It is a lifelong commitment. If you have questions, speak with one of the parish priests who can guide you correctly. Call the Parish Office EARLY, even before your child's birth to obtain information that will help you in selecting suitable godparents.

Another Look at Abortion - Uniquely You

From your first moments of existence, you had all the DNA that would determine your sex, facial features, physique, and the color of your skin, hair, and eyes. At 24 days, your heart began beating. By 8 weeks, all your organs were present, and your unique fingerprints were forming. Ultrasounds show that by 18 weeks, you could swim, somersault, suck your thumb, and even cover your ears if you heard loud music. If you’d been born just 23 weeks after conception, your chance of survival would be 50-80 percent; by 25 weeks, it’s over 90 percent, and that’s still months before full-term birth. Now, if someone takes an innocent person’s life after he or she is born, it’s against the law; just minutes before birth, it’s legal in most states and called abortion. The only real difference is declaration by the United States Supreme Court in *Roe v. Wade* (1973).
