El Salvador San Rafael Cedros

To: Our Lady of the Presentation.

*I want to send an affectionate greeting to the Church "Our Lady of the Presentation, I want to express through this letter a gratitude for the help that they offer us since so many of us young people can continue to advance in their studies and continue fighting day by day for our goal or purpose to thank you and our Lord Jesus very much for putting people like you in our ways, people with great hearts, God that spills many blessings on you, your families, works, etc. Throughout our lives we come across many types of people and, without a doubt, some are to remember. They are those people who have earned being in a special place in our life, because they have given us help when we have needed it, they have always been there in difficult moments or simply because they have grown up with us giving us their unconditional love.*

*Thank God and you, now I am in the University studying; nursing degree, thanks for the support.*

*And with this I say goodbye, being gratefully with you a warm hug from me.*

*Blessings. ☺ ☐ ☺ ☐*

*Yours sincerely: Sayra Rosmery Girón Chávez. ☐ ☐*
