

New Evangelization Worcester for Youth & Young Adults exists to serve the young people of the Diocese of Worcester and those who minister to them including faith formation coordinators, youth ministers, priests, deacons, parents, and volunteers.

We strive to serve young people, firstly, through prayer. We also plan and host events, retreats, and various service opportunities. NEW also coordinates a sports program and Catholic scouting. We provide training, resources, and support for youth ministers and faith formation coordinators using social media and through the use of our website as well as at live events. We provide training for leadership and peer mentor development in accord with the guidelines for the protection of children. NEW is a place to “foster the total personal and spiritual growth of every young person” so that they develop into life-long disciples of Jesus Christ and His Church. (Renewing the Vision, 15 – goal 3).

The NEW office collaborates with other diocesan departments but especially, the Office for Religious Education, as well as the Office for Marriage and Family.
