Dinosaur Egg Concentration

1. Shuffle the Dinosaur Egg cards and place them facedown on a table in five rows.

2. Players take turns flipping over two cards at a time. If a player turns over matching cards, he or she keeps the cards and takes another turn. If not, the player turns the cards facedown and the other player takes a turn.

3. Play continues until all matches have been made and no more cards remain. The player with the most matching pairs wins.

Variation:
Make one set of Dinosaur Eggs and cut a zigzag line through the middle. Have students reassemble the eggs.

How to Play
