Pastor's Corner

My Dear Parishioners,

All of us wish we could be holy, we say, if only Jesus would come and do to the temple of our faith what he did to the temple of Israel's faith: cast out what doesn't belong, because we don't seem to be able to do it for ourselves, at least not with much effectiveness. We try to pray and find ourselves daydreaming about what to make for supper, about the latest family argument, about the meeting we're going to attend, about where we're going to spend our money.

We try to simplify, but we also like our lives the way they are. We like the cut of style, the thick green of our lawn, the escape of vacation, the high from shopping or chocolate or daytime soaps or whatever catches our fancy. We wish we would love better, care better, have more compassion or patience, be more generous, but original sin always gets in the way--only we don't call it original sin. We say we don't have willpower or the energy.

So what are we to do? John's Gospel promises that God will come and drive such stuff from our lives. In fact, the promise is that God will do it whether we wish God to or not, which is probably a good move on God's part simply because most of us are a bit fearful of what God may clear away.

As much as we may want the temples of our lives cleared, we also like much of what takes up our lives. Still, God does come and does clear our temples in unsuspecting ways. Children grow up; friendships melt into memories.

Reflect a bit this week: During this Lenten season what is God asking us to clear away?

Keep smiling,

Fr. Jacob

In his annual budget, Governor Cuomo included a radical bill (S.7511) that would abolish virtually all limitations on abortion in New York State. It would ensure that abortion is legal through all 9 months of pregnancy, for any reason; it would allow for more late-term abortions, even though studies show that a fetus experiences pain at 20 weeks; it would eliminate the law that requires a baby born alive after abortion be given adequate health care, even though as many as 5 to 10% of babies in late term abortions are born alive; it would permit non-doctors to do abortions, which would endanger the health of women; and it would eliminate all criminal penalties for abortions—so even if an abortion was against a mother's will (involuntary or coerced), or if an unborn child is deliberately targeted for an act of violence, a case could not be prosecuted.

This situation is particularly dangerous because the law requires a budget to be passed by April 1. Please contact your state legislators to oppose this extreme bill.

We don't need broader abortion laws. **We need our law to respect human life at all stages.**
