### Rules of the Lake House

1. Whatever you bring to our Lake House, take with you when you leave. That includes trash and used items.
2. We hope that you found our Lake House in good shape. If those before you did not leave it clean, please leave it cleaner than they did and let us know when you arrive about any problem.
3. Our fireplace is ornamental; DO NOT BURN anything in the fireplace.
4. Outdoor fires can be built only in the fire ring provided - nowhere else on property. Please burn safely and be sure that the fire is out before you leave.
5. Rope swings, while great fun, are a terrible liability. Please do not let your stay here be marred by injury. NO ROPE SWINGS. Installing a rope swing will disallow your return.
6. Please respect property boundaries; remember peace & quiet, speed limits and respect wildlife.
7. If you must move beds or other furniture, please return what you move to where you found it.
8. All water activities must be supervised and that is your responsibility. Use the lake and the facilities at your own risk. Alligators inhabit the beautiful Lake Tsala Apopka. Please be safe!
9. All canoe or kayak users must have a life jacket. There should be no more than three (3) people in a canoe at one time.

### Arrival Procedures

1. The entrance gate is located on the left side of Gobbler Drive (off of US Hwy 41), just after the first bend. You will see the house numbers and the entrance to the drive just as you come around the corner. If you've come to the main Good Counsel Camp entrance, you've gone too far. The address and codes to enter the property will be provided to you a week before your scheduled arrival. There is a combination lock on the front gate and a lock box to the left of the front door.
2. The canoes and kayaks can be found in the shed in the back yard along with paddles and life preservers. To access the shed, use the canoe shaped key on the key rack by the front door of the house. Don't forget to lock up the shed after use.
3. Please be sure to bring your own bedsheets. There are 4 twin sized beds, 2 sets of bunk beds with 4 twin mattresses and 1 full sized bed.
4. Turn on the A/C or heat and make yourself comfortable. Please do not leave windows or doors open while the A/C is running.
