

Stewardship Commitment – October 2020

Our commitment to Stewardship (Time and Talent) at St. Mark is a keystone to the health of our parish. For the past ten years we have tapped into the many talents of our parish family and this has made us a much stronger community. A strong community of volunteers reduces costs and offers more opportunities for everyone. ***Our many activities and accomplishments would not be possible without this wonderful offering of time and talent. Volunteering also promotes strong community and a belonging. What better way to get to know our fellow parishioners!***

Once a year we ask that every adult participate in filling out a card, physical or online, listing how they can contribute to St. Mark. We know that not everyone has the time to volunteer. We would like, however, to understand the talents that are out there in case we have a need to reach out, even if for advice. No amount of help is too small. If you are tapped to help but can't at that time, that is perfectly fine. We'll try again.

This year we thought it might be time to chart how we as a parish are doing in identifying these talents. As you can see, we have a ways to go to full participation. This year we would like to carry over one's Time and Talent card information for the years to come so that you only need to fill it out once and we have the information. You can change any time.

If you have not filled out a card, either in the back of church or online, we encourage you to do so now. If you have an idea for giving of your time and it is not on the card, please write it in or let us know. Thank you so much to all who have volunteered over the years to make St. Mark the strong Parish that we are.
