

Graduation Photos Needed

Do you have a graduation photo hiding somewhere in your home?

StMM's 100th Anniversary Heritage Room is looking for several 8th grade graduation class photos. We know some are lost forever due to time passing, but we are hoping that some are still around so that we can scan them and include them for display.

Below are the years we do not have photos for:

1926 through 1934

1937 through 1939

1944

1950

1955

1958

1960

1963 – there are 3 or 4 separate class photos for this year. We have two but can't identify which classrooms are missing. If you are from this class and have a full set or just your homeroom, please let us see and we can tell you if we have it or not.

1971

2000

2001

2002

If you have a photo or think you might have one that we are missing, please contact the parish office at 521-7387, or email communications@stmargaretmaryparish.org and we can arrange to scan your photo to our specifications and return it to you.
